Dear Mr. Saric and Mr. Schneider:

**APPENDIX REQUEST FOR THE MULTI-COMPLEX DECONTAMINATION AND  
DISMANTLEMENT PROJECT COMPLETION REPORT**

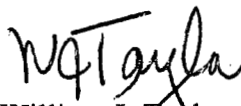

Reference: Letter, J. A. Saric to J. W. Reising, "Multi-Complex Completion Report," dated  
August 12, 2004

In reference to the letter mentioned above, the United States Environmental Protection Agency (USEPA) requested a "revised appendix" be submitted for the Multi-Complex Project Completion Report that includes the Hazardous Waste Management Unit (HWMU) analytical results data from Tables 3-1, 3-2, 3-3, 3-4 and 3-5.

In response to the referenced letter, please note that the appendix would not contain any additional detailed information than currently presented in the existing Tables 3-1 through 3-5. In addition, the generation of this appendix would create numerous page changes within the project completion report. Therefore, we respectfully request the project completion report remain as it is currently written which reflects all the desired information.

If there are any questions concerning this issue, please contact Ed Skintik at (513) 246-1369.

Sincerely,

  
William J. Taylor  
Director
